

Durango Returns to the Discovery Property, QC

Vancouver, BC / TheNewswire / Nov 3, 2021 – Durango Resources Inc. (TSX.V-DGO) (Frankfurt-86A1) (OTCQB - ATOXF), (the “Company” or “Durango”) announces that further to the news release of October 7, 2021, the Company has mobilized an exploration team to its wholly owned Discovery Property in Québec.

While at the site, the team plans to strip the area where a recent sampling visit returned elevated gold values at surface, as per the news release of October 7, 2021. The exploration crew plans to conduct additional channel sampling as necessary upon clearing the debris and will also scout for additional areas of interest near the previously identified outcrop locations. Additional information will be released as it becomes available.

Marcy Kiesman, CEO of Durango stated, “We are glad to be able to get back up to the Discovery Property and undergo some surface stripping before the snow falls. The additional information we will gain from seeing the surface rock will help our go forward plan on the Discovery Property immensely.”

The Discovery Property is located on strike to the southwest of the past-producing Troilus gold mine and neighbours Troilus Gold Corp. (TSX-TLG). The Discovery Property covers an important geological northeast to southwest regional structure. The Property has great road access (as pictured above) and is accessible year-round via the Route du Nord.

About Durango

Durango is a natural resources company engaged in the acquisition and exploration of mineral properties. The Company is positioned for discovery with a 100% interest in a strategically located group of properties in the Windfall Lake gold camp in the Abitibi region of Québec, Canada.

Forward-Looking Statements

This news release contains “forward-looking information or statements” within the meaning of applicable securities laws, which may include, without limitation, statements that address the upcoming work programs, and other statements relating to the business, financial and technical prospects of the Company. All statements in this news release, other than statements of historical facts, that address events or developments that the Company expects to occur, are forward-looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in the forward-looking statements.

Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which the Company will operate in the future, including the price of minerals, the ability to achieve its goals, the COVID-19 pandemic, that general business and economic conditions will not change in a material adverse manner, that financing will be available if and when needed and on reasonable terms. Such forward-looking information reflects the Company’s views with respect to future events and is subject to risks, uncertainties and assumptions, including those filed under the Company’s profile on SEDAR at www.sedar.com. Factors that could cause actual results to differ materially from those in forward looking statements include, but are not limited to, continued availability of capital and financing and general economic, market or business conditions. The Company does not undertake to update forward-looking statements or forward-looking information, except as required by law.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
