- To advise the Board on issues of conflict of interest for individual directors.
- To examine the effectiveness of the Company’s corporate governance practices at least annually and to propose such procedures and policies as the Committee believes are appropriate to ensure that the Board functions independently of management, management is accountable to the Board and procedures are in place to monitor the size, structure, composition and effectiveness of the Board, committees of the Board and individual directors.
- To develop and review, together with the Chairman, CEO and the President of the Board, annual Board goals or improvement priorities.
- To identify, review and recommend to the Board, for Board selection, all nominees for appointment, election or reelection as directors, including suitable candidates for nomination as new directors, as well as directors standing for re-election and all other nominees to the Board.
- To adopt procedures for shareholders of the Company to identify potential nominees for election to the Board, if determined necessary or appropriate, and to evaluate any nominees identified by shareholders of the Company pursuant to such procedures.
- With assistance of management, to organize and provide an orientation program for new directors where appropriate.
- To periodically review the mandates of the Board and committees of the Board and determine what additional committees of the Board, if any, are required or appropriate.
- To develop such codes of conduct and other policies as are appropriate to deal with the confidentiality of the Company’s information, insider trading and the Company’s timely disclosure and other public company obligations.

- To take such other steps as the Committee decides are appropriate, in consultation with the Board, to ensure that proper corporate governance practices are in place for the Company, with reference to applicable stock exchange guidelines or recommendations and other regulatory requirements on corporate governance.
- To review its charter and assess annually the adequacy of this mandate, the effectiveness of its performance and, when necessary, and to recommend changes to the Board of Directors for its approval.
